

2010 AFSH Grant Recipients

ASSH Research Director

James Chang, MD (2007-2010)
Brent Graham, MD (2010-2011)

Research Committee

Ranjan Gupta, MD, Chair
Christopher H. Allan, MD
Peter C. Amadio, MD
Allen T. Bishop, MD
Kevin C. Chung, MD
Leon J. Nesti, MD, PhD
Michael W. Neumeister, MD

Clinical Trials and Outcomes Committee

Brent Graham, MD, Chair
Marie A Badalamente, PhD
Lauren M. Coffelt, OTR/L, CHT
John C. Elfar, MD
R. Glenn Gaston, MD
Warren C. Hammert, MD
Jerry I. Huang, MD
Lisa L. Lattanza, MD
Joy C. MacDermid, BScPT, PhD
Gregory A. Merrell, MD
David T. Netscher, MD
Zubin J. Panthaki, MD, CM, FRCSC, FACS
Gregory H. Rafijah, MD
Douglas R. Trzcinski, MD

The Role of Aging in Macrophage Recruitment and Activation Following Nerve Injury

Zhongyu J. Li, MD

Comparative Efficacy of Autologous Blood and Platelet Rich Plasma in Treating Tendinopathy

James H. Calandruccio, MD

The Role of Rac1 GTPase in Tuman Mesenchymal Stem Cell Tenogenesis

Rowena McBeath, MD

Intrinsic Tendon Repair Requires the Recycling of Tendon Collagen Segments

John Ingraham, MD

Acellular Nerve Allografts in Long Nerve Injury Gaps

*Phillip J. Johnson, PhD;
Susan MacKinnon, MD*

Scaphotrapeziotrapezoid Arthritis and Carpal Instability

Robin Neil Kamal, MD; Joseph Crisco, PhD; Marc Garcia-Elias MD, PhD; Edward Akelman, MD

AAOS Clinician Scientist Development Program 2010

Nina Lightdale, MD

Fracture Healing in the Distal Radius: Do Bisphosphonates Make a Difference?

Tamara D. Rozental, MD

The Development and Application of the Brief Michigan Hand Outcomes Questionnaire

*Jennifer Filip Waljee MD, MPH, MSc;
Kevin C. Chung, MD*

Lymphedema Following Elective Hand Surgery: A Prospective, Randomized Trial

R. Glenn Gaston, MD

RCT: Use of Compression Glove to Reduce Distal Radius Fracture Complications

Michael S. Schuler, MD

U.S. Bone and Joint Decade's Young Investigators Initiative and Workshop 2010

Lance Brunton, MD

Military Surgeon-Scientist Research Grant – Iliac Crest versus Distal Radius Bone Autograft for the Treatment of Scaphoid Waist Nonunions

LCDR Leo T. Kroonen, MD

“I am currently working on two separate manuscripts based on our funded grant project. I would like to think that just receiving the AFSH grant has placed me in better standing academically and allowed me to acquire additional funding. ... Thanks so much again to you and the AFSH for the opportunity that you have afforded me.”

— Christopher John Got, MD, 2009 Basic Science Grantee
