

Multiplying Your Investment— Extramural Grant Recipients

The AFSH is proud to report that clinical trials and scientific research initially funded by the AFSH through your contributions are continuing their exploration with new grants and awards to the following recipients.

2007 Recipients

Martin I. Boyer, MD, FRCS(C):
Shriner's Foundation

Kevin C. Chung, MD:
NIH R21 & R34 Awards

Jennifer M. Wolf, MD:
OREF Clinician-Scientist

Kacey Marra, MD: NSF, AFRIMS

David C. Ring, MD, PhD: OTA

2008 Recipients

Ruby Grewal, MD: CIHR Award

Howard Levinson, MD: PSEF Award

2009 Recipients

Scott W. Wolfe, MD: Eduardo Salvati Grant

Zhongyu J. Li, MD: DOD

Warren C. Hammert, MD: NIH

Jonathan E. Isaacs, MD: DOD

New in 2010: Resident/Fellow Fast Track Seed Grants

**Biotenodesis Screw Fixation of
Tendon Graft for Scapholunate
Dissociation: Biomechanical Analysis
of a Novel Surgical Technique**
*Jun Matsui, MD – University of California
San Francisco Orthopaedic Surgery*

**Comparison of Two Injection
Techniques for Ulnar Nerve Blocks
at the Wrist: A Cadaveric Study**
*Edward Moon, MD – University
of Washington Department of
Orthopaedics and Sports Medicine*

**The Effect of Fibrin Glue
Augmentation in Zone II Flexor
Tendon Repair: An In Vitro Cadaveric
Biomechanical Study**
*N. Michael Xu, MD –
Wake Forest University*

**Enhancement of Experimental Fracture
Healing: Role of Local Soft Callus**
*Jonathan Danoff, MD –
Columbia University*
