

## 2010 J. Leonard Goldner Pioneer in Research Award

Zhongyu J. Li, MD, PhD

*“The AFSH grants have not only played a crucial role in my personal career development, but also provided research opportunities for our medical students and residents. As part of the AFSH funded research team, two of our first year medical students were awarded the prestigious Alpha Omega Alpha Carolyn L. Kukeink Student Research Fellowship. Without your support, our research efforts would not be possible.”*

## Restricted Gifts and Named Funds

AFSH invites dialogue on the establishment of a restricted gift fund. For more information, contact the Central Office at (847) 384-8300 or [afsh@assh.org](mailto:afsh@assh.org).

# Distinguished Awards in 2010
