Section 1 Shoulder Instability and Labrum Injuries

Commentary—Shoulder Instability and Labrum Injuries	2	Brian J. Cole
1 Overuse and Throwing Injuries in the Skeletally Immature Athlete	5	Mark R. Hutchinson Mary Lloyd Ireland
2 Arthroscopic Treatment of Anterior Glenohumeral Instability: Indications and Techniques	17	Brian J. Cole Peter J. Millett Anthony A. Romeo Stephen S. Burkhart James R. Andrews Jeffrey R. Dugas Jon J.P. Warner
3 Arthroscopic Versus Open Treatment of Anterior Shoulder Instability	31	April Armstrong Dory Boyer Konstantinos Ditsios Ken Yamaguchi
4 Superior Labral Anterior and Posterior Lesions and Internal Impingement in the Overhead Athlete	37	Laith M. Jazrawi George M. McCluskey III James R. Andrews
5 Multidirectional Instability: Surgical Decision Making	59	Ian K.Y. Lo Julie Y. Bishop Anthony Miniaci Evan L. Flatow
6 Arthroscopic Stabilization in Posterior or Multidirectional Instability of the Shoulder	67	Michael H. Metcalf Felix H. Savoie III Larry D. Field

Section 2 Rotator Cuff Injuries

Commentary—Rotator Cuff Injuries	76	Laurence D. Higgins
7 Technique of Open Rotator Cuff Repair	79	Theodore A. Blaine Michael Q. Freehill Louis U. Bigliani
8 Management of Massive Irreparable Rotator Cuff Tears: The Role of Tendon Transfers	89	Jon J.P. Warner
9 Mini-Open Rotator Cuff Repair: An Updated Perspective	99	Ken Yamaguchi
10 Transitioning to Arthroscopic Rotator Cuff Repair: The Pros and Cons	109	Ken Yamaguchi William N. Levine Guido Marra Leesa M. Galatz Steven Klepps Evan Flatow
11 Arthroscopic Acromioplasty: History, Rationale, and Technique	121	Rolando Izquierdo Walter G. Stanwood Louis U. Bigliani

Section 3 Degenerative Diseases About the Shoulder

Commentary—Degenerative Diseases About the Shoulder	130	Jon J.P. Warner
12 Glenohumeral Arthroplasty: Indications and Preoperative Considerations	133	Joel Shapiro Joseph D. Zuckerman
13 Total Shoulder Arthroplasty in the Young Patient	141	Patrick R.L. Hayes Evan L. Flatow
14 Complications of Shoulder Arthroplasty: Infections, Instability, and Loosening	157	John J. Brems
15 Glenoid Resurfacing in Shoulder Arthroplasty	169	Anil K. Dutta Gary Matthys Wayne Z. Burkhead
16 Glenoid Resurfacing in Shoulder Arthroplasty: Indications and Contraindications	177	Keith M. Baumgarten Cyrus J. Lashgari Ken Yamaguchi
17 Decision Making in Contemporary Shoulder Arthroplasty	187	Michael L. Pearl Anthony A. Romeo Michael A. Wirth Ken Yamaguchi Gregory P. Nicholson R. Alexander Creighton

Section 4 Shoulder Fractures

Commentary—Shoulder Fractures	206	Evan L. Flatow
18 Nonprosthetic Management of Proximal Humeral Fractures	209	Joseph P. Iannotti Matthew L. Ramsey Gerald R. Williams, Jr Jon J.P. Warner
19 Late Sequelae of Proximal Humerus Fractures	223	Michael A. Wirth
20 Indications for Prosthetic Replacement in Proximal Humeral Fractures	227	Wesley P. Phipatanakul Tom R. Norris
21 Outcomes After Treatment of Proximal Humeral Fractures with Humeral Head Replacement	233	Young W. Kwon Joseph D. Zuckerman
22 Complications After Hemiarthroplasty for Fractures of the Proximal Humerus	241	Gregory N. Lervick Raymond M. Carroll William N. Levine
23 Complications of Humeral Head Replacement for Proximal Humeral Fractures	251	Derek Plausinis Young W. Kwon Joseph D. Zuckerman

Section 5 Miscellaneous Conditions About the Shoulder

Commentary—Miscellaneous Conditions About the Shoulder	262	Peter J. Millett
24 Management of the Diabetic Stiff Shoulder	267	Marius M. Scarlat Douglas T. Harryman II
25 Tendon Transfers About the Shoulder and Elbow in Obstetrical Brachial Plexus Palsy	279	James B. Bennett Christopher H. Allan
26 Sternoclavicular Joint Injuries and Disorders	293	Michael J. Medvecky Joseph D. Zuckerman

27	Complications of Treatment of Complete Acromioclavicular Joint Dislocations	303	Dan Guttman Nader E. Paksima Joseph D. Zuckerman
28	Complications of Shoulder Surgery	311	Thomas J. Gill Russell F. Warren Charles A. Rockwood, Jr Edward V. Craig Robert H. Cofield Richard J. Hawkins

Section 6 Elbow Arthroscopy and Sports Medicine

Commentary—Elbow Arthroscopy and Sports Medicine		328	Marc R. Safran
29	Basics of Elbow Arthroscopy	331	Thomas R. Lyons Larry D. Field Felix H. Savoie III
30	Medial Collateral Ligament Tears in the Throwing Athlete	339	Riley J. Williams Erica Rowe Urquhart David W. Altchek
31	Arthroscopic Treatment of Posterior Elbow Impingement	347	Michael J. Moskal Felix H. Savoie III Larry D. Field
32	Osteochondritis Dissecans of the Elbow	353	Melissa A. Yadao Larry D. Field Felix H. Savoie III
33	Epicondylitis in the Athlete	361	Michael G. Ciccotti
34	Biceps Tendon Injury	369	Bernard F. Morrey

Section 7 Degenerative Diseases About the Elbow

Commentary—Degenerative Diseases About the Elbow		376	Ken Yamaguchi
35	The Assessment and Management of the Stiff Elbow	381	Jesse B. Jupiter Shawn W. O'Driscoll Mark S. Cohen
36	Nonreplacement Reconstruction of the Elbow Joint	401	Bernard F. Morrey
37	New Frontiers in Elbow Reconstruction: Total Elbow Arthroplasty	407	Graham J.W. King
38	Elbow Arthroscopy: Basic Setup and Treatment of Arthritis	417	Matthew L. Ramsey
39	Arthroscopic Treatment of Arthritis of the Elbow	421	Frank B. Norberg Felix H. Savoie III Larry D. Field

Section 8 Trauma About the Elbow

Commentary—Trauma About the Elbow	430	Matthew L. Ramsey
40 Posterolateral Rotatory Instability of the Elbow	433	Melissa A. Yadao Felix H. Savoie II Larry D. Field
41 Elbow Instability: Treatment Strategies and Emerging Concepts	441	Craig M. Ball Leesa M. Galatz Ken Yamaguchi
42 The Unstable Elbow	451	Shawn W. O'Driscoll Jesse B. Jupiter Graham J.W. King Robert N. Hotchkiss Bernard F. Morrey
43 Difficult Elbow Fractures: Pearls and Pitfalls	465	Shawn W. O'Driscoll Jesse B. Jupiter Mark S. Cohen David Ring Michael D. McKee
